

Insurance

Students should note that they are expected to take full responsibility for all personal possessions, including their work, whilst enrolled at Design School Asia. Insurance cover may be advisable.

The School will not insure student's property on an 'All Risk' basis and therefore recommends that students make their own insurance arrangements; the School will only accept responsibility for student's personal effects where the School is legally liable.

Students are advised to keep copies, photographs and a record of work submitted for assessment.
